

September is SALMON MONTH in the Bay Area!

Join [SalmonAid](#) and its member organizations for a month-long series of fun and educational events at the [Aquarium of the Bay](#) in San Francisco and learn about how you can protect and restore wild salmon and steelhead trout.

The Aquarium of the Bay will have information and exhibits about salmon every day in September. The [Alameda Creek Alliance](#) and some of our partnering conservation organizations in the Bay Area working on restoration of steelhead trout will have educational tables at the aquarium, including [SPAWN](#) in Marin, the [Center for Biological Diversity](#), and the [Beyond Searsville Dam Coalition](#).

If you would like to volunteer to help staff the Alameda Creek Alliance table during September, please send an e-mail to alamedacreek@hotmail.com.

Check out all the cool salmon stuff happening throughout the month of September, including a wild-caught salmon dinner, film festival, fishermen storytelling night, kids weekend at the aquarium, a free outdoor live music festival AND MORE! Visit www.SalmonAid.org for details!

The following SalmonAid events are scheduled:

September 1 - [Go Wild Gala](#), featuring an elegant evening of salmon cuisine, beer/wine and conversation in the Aquarium

September 10 - [Meet Your Fishermen](#), a book reading and discussion with sustainable seafood providers

September 11&12 - [Films](#) from the Wild & Scenic Environmental Film Festival

September 15 - [Salmon Cinema & Storytelling Circle](#), featuring movies and live storytelling plus a cocktail reception

September 19 & 20 - [Kids' Weekend](#) with games, activities, and stories

September 26 - The third annual outdoor [SalmonAid Music Festival](#)
